Saxton Daylilies for 1954

We are pleased to bring to you our daylily offerings for 1954. For your greater convenience we have this year combined our different lists into one catalog. Also we have added a special "Honor Roll" of those varieties which have proven finest in our own garden. We suggest you try some of these as we believe they are **Tops** in their color groups. See description of our cover daylily — **GRISELLE** — under pinks in the Honor Roll. This is one we hope you all will try.

In spite of increased costs we have in many cases reduced prices greatly. The famous **Wheeler Daylily Creations** are now much more reasonable. You can now afford the 'rare' ones for which you have waited. **Please read TERMS on last page before ordering.**

Saxton Introductions for 1954

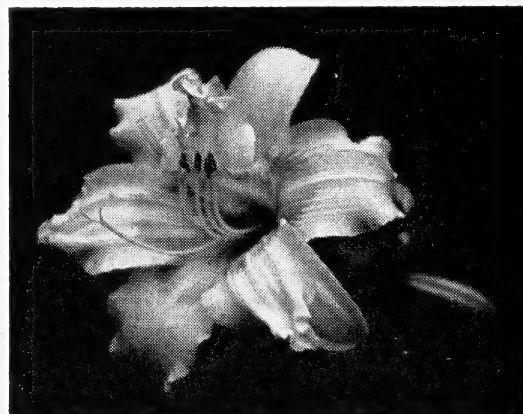

ALOHA. Pastel pink bitone. Ivory petals flushed light pink. Cream sepals shaded lighter pink. Large, cool and graceful. 50". M. **\$7.50**

BIG TIME. Very large bright orange-scarlet blend. Like a super 'George Yeld.' Glows in the sun. 40". ML. **7.50**

SOFT LIGHT. Large, ruffled, wide petaled glistening mimosa yellow. Some partly double flowers when establ'd. 48". ML. **10.00**

Wheeler-Saxton Introduction

DEEP RIVER. The hardiest, truest purple toned flower in the hundreds of Wheeler 'plums' we have tested. Real pansy purple petals and light violet sepals, broad ivory midribs. 36". ML. **4.00**

Are You Starting A Daylily Collection?

You should base your collection on the standard, time-tested and proven varieties. These are inexpensive, beautiful, and usually hard to surpass, even at high prices. Learn to know these fine sorts; then add the novelties according to your choice of color and type. We recommend the following. For a quick display, plant three of a kind one foot apart in a group. See general list for descriptions.

Our "HONOR ROLL" of the Finest Daylilies

Awards and Honors

Each year the Hemerocallis Society gives awards and Popularity ratings to the best daylilies. Highest Honor is the 'Stout Medal' awarded to one daylily each year; next the 'Award of Merit' (AM), and then 'Honorable Mention' (HM).

The Popularity Poll lists in order the 100 most popular varieties. We have indicated these — PP#3 — etc., for your guidance. The latest novelties are seldom listed because of their rarity.

Yellow — Orange

- CELLINI.** New amaryllis-shaped light canary self. Good evenings. Rated Wheeler's best. 36". PP#60. HM-1952. \$3.00
- COLONIAL DAME.** Ruffled light apricot, pale rosy-tan band. 40". ML. PP#35. 2.00
- MARY HENRY.** Our favorite Traub-Beltsville variety. Large barium yellow ruffled flowers. Vigorous. 42". M. 2.50
- NARANJA.** Stunning full-formed deep gold. Very popular. 36". M. PP#3. HM-1950. 3.50
- ORANGE BEAUTY.** # 1 on Pop. Poll! Huge pure deep gold. 44". M. AM-1950. 3.00
- QUEEN OF GONZALES.** Best golden-orange for June. Many large chalice on 36" stems. Fine with blue iris. PP#15. 2.00

DAYLILIES for LANDSCAPING

Nothing gives a finer display for a large border or massed planting than daylilies in mixed colors. They require almost no care and increase in size and beauty each year. Every fall we divide and replant our gardens. There are always surplus lots of named varieties and seedlings, just as fine as those we line out for stock. We will ship these in September and October only, unlabeled, in a fine range of colors and types, by express collect. Minimum order 100 plants.

Prices: \$15.00 per 100; \$60.00 per 500.

Kodachrome Slides

We have an extensive library of 35 mm. Kodachrome slides, including almost all the Saxton and Wheeler varieties. Also many of the general list. If you cannot decide which varieties you want, send us your list and we will loan you slides to examine. A picture is worth 1000 words of description.

We will also prepare sets of slides of our specialties with lecture notes for garden club programs. Write us as to your needs, and we will quote you for the program.

TERMS. Please Read!

We believe our plants are second to none. We dig each plant on your order individually, pack at once with utmost care, and mail the same day. You will appreciate this when you open the package. Because of this care our minimum price must be \$1.00 per plant. On older sorts which others sell for less, we send extra large plants or small clumps. Our business depends upon your satisfaction and we feel that you would rather pay a little more and get large healthy plants than to wait two or three years for flowers.

Increased postage rates prohibit prepaid shipment to distant points. We pay postage on \$5.00 orders to the 3rd zone; \$10.00 orders to the 5th zone. Beyond these points please add sufficient postage. We recommend "Special Handling" for prompt delivery. It is worth the extra 20c you pay.

Our plants are guaranteed true to name, but we cannot guarantee results in your garden over which we have no control. **Remember** first bloom is seldom characteristic in color, size or height. Let your plants get settled before you judge them.

If you receive more than one copy of this catalog would you please pass it along to a gardener friend? Thank You!

VISITORS are WELCOME

Our garden is in full bloom during July and early August. You can select exactly what you need by visiting us when the flowers are in bloom.

To reach our garden from the south, drive through Saratoga Springs on Route 9 (Broadway) until you reach the railroad tracks. Cross tracks and continue straight ahead for two long blocks on N. Broadway; turn left on First Street. Our place is two blocks from Broadway on the corner.
